 RE: Park Fee Schedule Resolution

With the addition of ball fields, soccer fields or multi-purpose fields in the Township, a comparison of our current fee structure was completed. Based on the comparison, the Township recommended to increase our permit fees for ball fields, soccer fields and multi – purpose fields. In addition, the Township is recommending adding permit fees for Tournaments/ Clinics. All other Park permit fees has remain the same and has not increased.

A description of the park fee increase is described below:

<i>Hours of Play</i>	<i>Fee:</i>
0-2 Hours	\$50 ball field / \$25 soccer field
2-4 Hours	\$100 ball field / \$50 soccer field
Over 4 Hours	\$250 ball field / \$125 soccer field
Deposit - per field	\$50.00

In addition, the Township has added a permit fee for Tournament/ Clinic use of the Township ball fields, soccer fields, pickleball courts or multi – purpose fields.

Permit for tournament / clinic use of the Township ball fields, soccer fields, pickleball courts or multi-purpose fields.
<i>Fee:</i>
\$500.00/day, plus
\$100.00/ball field, plus
\$50.00/soccer field or pickleball court, plus
\$50.00 refundable deposit/field or court

To approve proposed resolution of the Parks Fee schedule, the following motion can be offered:

Move to approve and adopt the Resolution to the Park fee schedule as describe above.

If you have any questions or comments, please contact either Cargo or Chappell.

At a regular meeting of the Township Board of Trustees of the Charter Township of Grand Haven, Ottawa County, Michigan, held on the 10th day of July 2023, at 7:00 p.m. The meeting was held at the Township of Grand Haven, 13300 168th Avenue, Grand Haven, Michigan.

PRESENT:

ABSENT:

For the consideration of a resolution to formally accept the Park Fee increase and additional permit fees for Tournaments/ Clinics at Township parks system. Following discussion, the following resolution was offered by:

RESOLUTION NO. 23-07-01

WHEREAS the Township has previously adopted Park Fees.

WHEREAS the Park Fees do not reflect marketable values and should increase. Furthermore, additional permit fees should be added for Tournaments/Clinics at Township parks system, both to be comparable with other surrounding communities.

WHEREAS the Board of Trustees of Grand Haven Charter Township believes that it is in the best interest of the Township to formally accept Park Fee increase and additional permit fees for Tournaments/ Clinics at Township parks system to ensure that all existing parks fees are made applicable to these public lands.

NOW, THEREFORE, BE IT RESOLVED that the following Park Fee increase and additional permit fees for Tournaments/ Clinics at Township parks system shall be adopted/amended:

Hours of Play	Fee:
0-2 Hours	\$50 ball field / \$25 soccer field
2-4 Hours	\$100 ball field / \$50 soccer field
Over 4hrs	\$250 ball field / \$125 soccer field
Deposit per field	\$50.00

A description of the Tournament/ Clinic Park fee is described below:

Permit for tournament / clinic use of the Township ball fields, soccer fields, pickleball courts or multi-purpose fields.
Fee:
\$500.00/day, <u>plus</u>
\$100.00/ball field, <u>plus</u>
\$50.00/soccer field or pickleball court, <u>plus</u>
\$50.00 refundable deposit/field or court

BE IT FURTHER RESOLVED that the Park Fee increase and additional permit fees for Tournaments/ Clinics are fully applicable to these aforementioned to ensure that all existing parks fees are made applicable to these public lands.

BE IT FURTHER RESOLVED that all policies, procedures, or resolutions in conflict with this resolution are hereby repealed to the extent of any such conflict.

Community Development Memo

TO: Township Board

RE: Master Plan: Rural Residential Developments

BACKGROUND

Recall, the Master Plan for the Township in large part determines the potential location and therefore context of future development. Likewise, the Zoning Ordinance and the Private Roads and Driveways Ordinance determine the process, size and scope of future developments and the extent to which utilities and infrastructure are provided.

During the amendment to the Master Plan process in 2022, conversation was held by the Board and Planning Commission regarding the future land use of property in the Township and the degree to which a diversity of developments could occur. Rural Residential properties were discussed at that time. Direction to Staff was provided in January of 2023 to determine if there were areas in the Township where Rural Residential subdivisions could be created on gravel roads without requiring paving. The result would be to amend the Master Plan for that area such that small-scale developers, builders, and architects could create communities without needing the capital required for large-tract development, i.e. Planned Unit Developments.

Process

The following process was conducted by Staff to determine where, if any, parcels would be appropriate for a Master Plan change of designation to Rural Residential:

- Locate and identify parcels located in the Rural Residential (RR), Rural Preservation (RP) or Agricultural Zoning Districts (AG) (*see: Map 1*)
 - Reason: Establishes the density of development, i.e. lots per acre allowed either through Land Divisions, Platted Subdivisions, or Planned Unit Developments

- Locate and identify parcels with a Future Land Use Designation of Low Density Residential (RR), Rural Preservation (RP), or Agricultural Preservation (AG) (*see:Map 2*)
 - *Reason: Establishes the Consistency for any rezoning application; i.e. the future land use designation determines the likelihood of approval, the utilities required and the size of the future parcels as a result of the change of use/rezoning.*
- Locate and identify unpaved roads in the Township (*see:Map 3*)
 - *Reason: Unpaved roads typically do not have utility services provided along with them. Small-scale development would lower the per capita cost to extend the infrastructure. When considering the rezoning of a parcel to Rural Residential properties, it requires the road to be paved, if available.*
- Locate and identify parcels are adjacent or are within 2700-feet of a connection to Water Service (*see:Map 4, 5*)
 - *Reason: Establishes the parcels that have the ability to connect to water service or would be required to for any 4-7 lot development per the Private Roads and Driveways Ordinance – see below*
- Locate and identify parcels which are 1) Zoned RR, RP or AG; 2) Have a Future Land Use Designation of RR, RP or AG; 3) are located on unpaved roads; 4) are in the Area of Water Service as described above. (*see:Map 6*)
 - *Reason: Per the Private Roads and Driveways Ordinance, if a private road serves 4-7 parcels, the owner must provide a connection if there is a municipal water supply main within 2700-feet of the private road’s intersection with a public road*
 - *Further, it is prudent to have water infrastructure precede the paving of any unpaved roads which are planned to have small-scale lot developments occur:*
 - *Because it is more costly to run water infrastructure after a paved road has been established*
 - *Because it is more costly to connect a residential property to municipal water after investment has been made into a well system*
 - *Because properties having new development immediately adjacent to a municipal water supply are required to connect*
- Locate and identify parcels which are 1) Zoned RP or AG; 2) Have a Future Land Use Designation of RP or AG; 3) are located on unpaved roads; 4) are in the Area of Water Service as described above; 5) are less than 360,000sf in area (*see:Map 7*)
 - *Reason: Per the Zoning Ordinance, any development that contains 8 or more dwelling units must be developed as Planned Unit Developments. This would require the extension of water and sewer. Therefore, the identified parcels would be those where water connection is viable and requisite without the added cost of sewer infrastructure.*
- Identify in kind any parcels that match the above designations if water were to be extended down Buchanan St. in 2030. (*see:Map 8, 9, 10*)
 - *Reason: The extension of water down Buchanan St. is identified as the next largest planned utility extension which involves predominately residential properties on a currently unpaved road. A portion of the road is likewise planned to be paved.*

Results

- ✓ There lacks any substantial grouping of parcels sized less than ~8 acres immediately adjacent to areas Master-Planned Rural Residential that would be prone to having their Master Plan Designation Change from Agricultural or Rural Preserve to Rural Residential such that a platted subdivision could occur without triggering PUD requirements. (*see:Map 11*)
- ✓ There are existing parcels, zoned Rural Residential or Master Planned Rural Residential that are less than ~8 acres, on gravel roads, that could be (sub)divided. (*see:Map 12*)
- ✓ Note: there may be parcels within the utility area of service that are viable to change their Master Plan Designation from AG to RP, or RR to R-1 based on their provision of services, proximity of infrastructure, parcel size, and soil structure. However, more scenario planning would need to be conducted to determine those results – and specific direction to do so would need to be given to Staff. Note: any change to the Master Plan must go through the Public Hearing process and start at the Planning Commission.

Please contact me if this raises questions.

RE: House – Map Amendment Application – AG to RR (Correction)

BACKGROUND

This application has been initiated by the Township due to an error in the new Zoning Map. The property at 12101 1600th Ave. was rezoned Rural Residential (RR) in 1996, but subsequent Zoning Maps since 2004, including the most current, have designated it as Agricultural (AG). This was missed by Staff and finalized upon adoption. A Township resident brought the error to the attention of Staff and the Township is pursuing the map amendment on the behalf of the Betty L House Trust. There is no record of the property being downzoned back to AG.

The Zoning Map amendment is intended to remedy the error. Because of this, the property was not reviewed by the “Three C’s.” The property is surrounded by a mix of agricultural, rural residential and commercially zoned properties.

Record of Rezoning

104. **PARCEL #70-07-15-400-008 REZONING FROM “AG” TO “RR”** Article III Section 301 of Ordinance No. 33 is amended to adopt the following provision changing the zoning classification of the following described parcel of property from Agricultural to Rural Residential:
 Permanent Parcel # 70-07-15-400-008
 SE ¼ of the SE ¼ of SEC 15 T7N R16W. (ord. no. 234 eff. March 30, 1996)

Retired Zoning Maps

SAMPLE MOTIONS

If the Township Board finds the rezoning application meets the applicable standards, the following motion can be offered:

Motion to present and postpone the Zoning Map Amendment for 12101 160th Avenue from Agricultural (AG) to Rural Residential (RR) to correct an error on the Zoning Map.

If the Township Board finds the rezoning application is premature or needs revisions, the following motion can be offered:

Motion to postpone the House Trust application, and direct staff to address the following items:
